

Maxim Romanov

Curriculum Vitae · September 2026

POSITION	<i>Emmy Noether Junior Research Group Leader</i> , DFG project “The Evolution of Islamic Societies (c. 600–1600 CE): Algorithmic Analysis into Social History” (EIS1600), Universität Hamburg, Asien-Afrika-Institut
EMAIL	maxim.romanov [at] uni-hamburg.de
ORCID	0000-0001-7331-3858
WEBSITES	eis1600.aai.uni-hamburg.de · maximromanov.github.io

Employment

2021–2027	<i>Emmy Noether Junior Research Group Leader</i> , DFG project “The Evolution of Islamic Societies (c. 600–1600 CE): Algorithmic Analysis into Social History” (EIS1600), Universität Hamburg, Asien-Afrika-Institut
2018–2021	<i>Senior Research Fellow</i> , ERC project “Knowledge, Information Technology, & the Arabic Book” (KITAB), PI Prof. Dr. Sarah Bowen Savant, Aga Khan University–London, Institute for the Study of Muslim Civilisations
2017–2021	<i>Universitätsassistent für Digital Humanities</i> , Universität Wien, Institut für Geschichte
2015–2017	<i>Research Fellow</i> , Universität Leipzig, Institut für Informatik, Lehrstuhl für Digital Humanities
2013–2015	<i>Postdoctoral Associate</i> , Tufts University, Department of Classics & Perseus Project
2006–2012	<i>Graduate Student Instructor</i> , University of Michigan, Department of Near Eastern Studies
2004–2006	<i>Junior Researcher</i> , Institute of Oriental Manuscripts of the Russian Academy of Sciences (formerly St. Petersburg Branch of the Institute of Oriental Studies), St. Petersburg (IOM RAS)

Education

2006–2013	Ph.D. (December 2013) and M.A. (April 2010) in Near Eastern Studies (Arabic & Islamic Studies), University of Michigan, Ann Arbor (official record)
2001–2004	Post-graduate program in Islamic Studies, Institute of Oriental Manuscripts of the Russian Academy of Sciences, St. Petersburg
1999–2001	St. Petersburg State University, Faculty of Oriental Studies (History of the Arab Countries)
1998–2001	Specialist in Sociology (B.A. & M.A. equivalent), St. Petersburg State University, Faculty of Sociology
1999–2001	Baltic State Technical University, Faculty of Humanities (Political Science), St. Petersburg

Digital Humanities Projects

2021–2027	EIS1600: The Evolution of Islamic Societies (c. 600–1600 CE): Algorithmic Analysis into Social History. Emmy Noether Junior Research Group, DFG (#445975300), Universität Hamburg. Principal investigator. Project page · eis1600.aai.uni-hamburg.de
2014–	OpenITI: Open Islamicate Texts Initiative (2014–2016: OpenArabic). Co-PI with Matthew T. Miller (University of Maryland) and Sarah Bowen Savant (Aga Khan University–London). About 8,700 titles by over 3,300 authors, some 861 million words (most conservatively; all texts amount to 2.4 billion words). Project page · github.com/OpenITI
2014–	OpenITI mARkdown. A light-weight annotation scheme for Arabic-script texts: structural, morphological, and semantic tagging designed as a research method rather than an exchange format. Description
2014–	al-Turayyā Project. A gazetteer (over 2,000 toponyms) and a geospatial model of the early Islamic world, with Masoumeh Seydi. Project page · althurayya.github.io
2025	OpenITI NgramReader and Book Classification (T10 model; published as “M10 Book Classification”). Two online applications published as appendices to <i>Digital Humanities for Arabic and Islamic Studies</i> (Brill, 2026). Project page
2019–	OpenITI AOCPP: Arabic-script OCR Catalyst Project. Co-led with Matthew T. Miller, Sarah Bowen Savant, David Smith, and Raffaele Viglianti; funded by the Andrew W. Mellon Foundation. openiti.org

- 2018–2021 **KITAB: Knowledge, Information Technology, and the Arabic Book.** ERC project (PI Sarah Bowen Savant); senior research fellow responsible for corpus development and text-reuse analysis. kitab-project.org
- 2015 **Classical Arabic Through the Words of the Prophet: A Frequency-Based Ḥadīṭ Reader.** Computationally generated teaching materials (Perseus Project & Department of Classics, Tufts University). PDF

Maxim Romanov and Masoumeh Seydi · In *Digital Humanities 2019 Conference Papers* (Utrecht University, 9–12 July 2019)
- 2019 **Orbis-in-a-Box (OIB): Modeling Historical Geographical Networks (poster)**
Maxim Romanov, Masoumeh Seydi, James Baillie, Karl Grossner, and Rainer Simon · In *Digital Humanities 2019 Conference Papers* (Utrecht University, 9–12 July 2019)
- 2017 **Premodern Geographical Description: Data Retrieval and Identification**
Masoumeh Seydi, Maxim Romanov, and Chiara Palladino (alphabetically) · In *Proceedings of the 11th Workshop on Geographic Information Retrieval (GIR'17)*, 4:1–4:10. New York: ACM Press, 2017
- 2016 **Shamela: A Large-Scale Historical Arabic Corpus**
Yonatan Belinkov, Alexander Magidow, Maxim Romanov, Avi Shmidman, and Moshe Koppel (alphabetically) · In *Proceedings of the Workshop on Language Technology Resources and Tools for Digital Humanities (LT4DH)*, 45–53. Osaka, 11–17 December 2016

DISSERTATION

- 2013 ***Computational Reading of Arabic Biographical Collections with Special Reference to Preaching in the Sunnī World (661–1300 CE)***
Ph.D. dissertation, University of Michigan, 2013

WORKING PAPERS, PREPRINTS, AND TEACHING MATERIALS

- 2017 **Algorithmic Analysis of Medieval Arabic Biographical Collections (preprint)**
Leipzig University, May 2017. Published in *Speculum* 92 (2017)
- 2016 **Observations of a Medieval Quantitative Historian? (preprint)**
Leipzig University, September 2016. Published in *Der Islam* 94 (2017)
- 2015 ***Classical Arabic Through the Words of the Prophet: A Frequency-Based Ḥadīṭ Reader***
Perseus Project & Department of Classics, Tufts University, 2015. A computationally generated introduction to the language of Ḥadīṭ (205 pages)
- 2014 **After the Classical World: The Social Geography of Islam (661–1300 CE) (working paper)**
Tufts University, April 2014. Published in *Ars Islamica* (2016)

DATA, SOFTWARE, AND DIGITAL PUBLICATIONS

- 2023 **OpenITI: A Machine-Readable Corpus of Islamicate Texts, Primary Version 2023.1.8**
Lorenz Nigst, Maxim Romanov, Sarah Bowen Savant, Masoumeh Seydi, and Peter Verkinderen · Zenodo, 2023. Data set. About 8,700 unique titles by over 3,300 authors; some 861 million words (2.4 billion with all versions)
- 2025 **ADHFAIS Appendix 1: OpenITI NgramReader (based on OpenITI, release 2023.1.8), version 1**
Zenodo, 2025. An online application for tracing the use of words and phrases across the Arabic written tradition; companion to *Digital Humanities for Arabic and Islamic Studies*

2025		ADHFAIS Appendix 2: M10 Book Classification (based on OpenITI, release 2023.1.8), version 1 Zenodo, 2025. An experiment in soft classification of the works of the Arabic written tradition against ten types of texts. The application uses the T10 typological model of the book; “M10” in the published title is the same model (M for model)
2014	ongoing	al-Turayyā Project: Gazetteer and Geospatial Model of the Early Islamic World Maxim Romanov and Masoumeh Seydi · althurayya.github.io. Over 2,000 toponyms and route sections georeferenced from Georgette Cornu's <i>Atlas du monde arabo-islamique à l'époque classique</i>
2014	ongoing	OpenITI mARkdown: A Light-Weight Annotation Scheme for Arabic-Script Texts Structural, morphological, and semantic tagging designed as a research method; the format of the OpenITI corpus
2015		betaCode for Arabic: Conversion Routines Python scripts for typing fully vocalized Arabic in ASCII and converting it into Arabic script and several transliteration schemes

Invited Talks, Guest Lectures, Keynotes

2026

September 2026		Digital Scholarly Communications... Keynote at <i>Beyond the Book: Digital Research, Presentation, and Sustainability</i> , Freie Universität Berlin, Institute of Arabic Studies, September 21–22, 2026
June 2026		Digital Humanities for Arabic and Islamic Studies: A Proposition for the Field Book presentation, invited lecture at the XII Arabic Codicology Summer Course <i>The Islamic Manuscript Heritage in the El Escorial Collection</i> , directed by Nuria de Castilla and François Déroche, Real Biblioteca del Monasterio de San Lorenzo de El Escorial, June 2, 2026
May 2026		Digital Humanities for Arabic and Islamic Studies: A Proposition for the Field Book presentation at a workshop organized by Yusuf Çelik, Faculty of Religion and Theology, Vrije Universiteit Amsterdam, May 13, 2026

2025

December 2025		Modeling Social History of the Islamic World (c. 600–1600 CE) ... with Generative LLMs Guest lecture in the VO <i>DH Ringvorlesung</i> of Tara Andrews, winter term 2025/26, Universität Wien, December 9, 2025
April 2025		Islamicate Digital Humanities: What is it and Why Bother? Invited Lecture in the course “Special Topics in Digital History”, invited by Hasan Umut, April 14, Boğaziçi University, Turkey

2024

November 2024		Future in the Past: Constructing the Social History of the Premodern Islamic World with Modern Computational Methods At <i>Digital Humanities and Medieval Middle Eastern Texts: Assessments and Perspectives</i> , November 8, University of Tübingen. Invited by Federico Montinaro
July 2024		A Corpus-Driven Approach in Religious Studies: A Case Of Islam University of Bochum, July 12, 2024
July 2024		Digital Humanities in the context of Religious Studies University of Bochum, July 12, 2024

2023

November 2023		Teaching Computational Analysis with the ‘Prosopografía de ulemas de al-Andalus’ At Remembering al-Andalus and the Maghrib in the Mashriq, 23–24 November 2023, Escuela de Estudios Árabes, CSIC, Granada (Spain)
October 2023		Arabic biographical collections as a source for modeling social transformations, cultural production, and demography At Demography, Economy and Law in (Post-)Imperial Worlds 800 to 1600 – Latin Europe and the Western Islamic World in Comparison, Workshop, at RomanIslam Center, Universität Hamburg, October 17, 2023

2022

April 2022		Made by People, Tied by People: Modeling Islamic Urban Networks from Biographical Data (ca. 600–1300 CE) Invited Lecture at RomanIslam Center, April 20, 2022
April 2022		To DB or not to DB: LOD-like Approach and Algorithmic Analysis At Digital Praxis in the Humanities (lecture series), Yale University, April 11, 2022

2021

September 2021

Germany

Prospects of Middle Eastern Studies in the Context of Digital Humanities

At Third Summer School in Islamicate Digital Humanities for Scholars in Manuscript Studies, August 30 – September 10, 2021

2020

December 2020

France · online

OpenITI mARkdown: Between Method and Standard

At Étudier et publier les textes arabes avec le numérique, GIS Asie, études africaines et Moyen-Orient et mondes musulmans. December 8–10, 2020.

November 2020

Austria

Computational History and Historiography of the Medieval Islamic World

An invited lecture in *070227–1 Introduction to Digital Humanities (2020W)*, taught by Tara Andrews, University of Vienna, November 24, 2020

November 2020

Austria

Data Science & Digital Humanities: Modeling Arabic Written Tradition

An invited lecture in *040172 VU Doing Data Science (MA) (2020W)*, taught by Jan Fabian Ehmke & Yllka Velaj, University of Vienna, January 7, 2020

January 2020

Austria

Algorithmic Analysis into Social History: A Case of Medieval Islamic History

An invited lecture in *070227 VO Introduction to Digital Humanities (2019W)*, taught by Tara Andrews, University of Vienna, January 7, 2020

2019

September 2019

Spain

“The Marvels of Old in the Digital World”: Toward the Methodological Turn in Middle Eastern Studies

Knowledge and Power Seminar Series, Centro de Ciencias Humanas y Sociales, CSIC, Madrid, September 12, 2019

May 2019

Lebanon

“Digital Dust of the Arabic Past”: Corpus-Based Research in Arabic & Islamic Studies

Keynote at Digital Humanities Institute 2019, Beirut, May 3–5, 2019

April 2019

Russia

Arabic History & Historiography in the Digital Age

invited lecture at Higher School of Economics, St.Petersburg

February 2019

Hungary

Arabic History & Historiography in the Digital Age

invited lecture at Center for Eastern Mediterranean Studies and OTTOCONFESSIONS, ERC-funded Project (PI Dr. Tijana Krstic), Central European University, Budapest

2018

April 2018

Qatar

“Iftaḥ Yā Simsim!” Finding Digital Keys to the Treasures of the Arabic Written Tradition

Keynote at “Research Data Management in Digital Humanities”, International Conference, University College London—Doha, April 17–18, 2018

February 2018

Austria

“Open Sesame!” Digital Analysis of the Arabic Written Tradition: Part I—On Social History

Austrian Academy of Sciences, Vienna, February 6, 2018

2017

May 2017

Netherlands

The Corpus, The Network, & The Book Continuum

The fifth lecture of the KITAB LUCIS lectures (others given by Sarah Savant), Leiden University Centre for the Study of Islam and Society, Leiden University

May 2017

Netherlands

Computational Reading of Arabic Biographical Collections

Invited Lecture at The Leiden University Centre for Digital Humanities (LUCDH), Leiden University

February 2017

USA

Premodern Arabic Biographical Collections: A Digital Approach

Invited Lecture at University of Pennsylvania

2017 Germany

Arabic Written Tradition & the Digital Humanities

Invited lecture, given at Universität Hamburg (April 24, 2017) and Goethe-Universität Frankfurt am Main (March 24, 2017)

2016

November 2016

USA

From Text to Map: Arabic Biographical Collections and Geospatial Analysis

Invited Lecture, at Center for Geographic Analysis, Harvard University

June 2016

Germany

Future in the Past: Using Modern Computational Methods for the Analysis of Premodern Arabic Texts

guest lecture at “Society and Religion in the Arab World” (an introductory Arabic and Islamic Studies seminar taught by Marie Hakenberg), Leipzig University

May 2016

Germany

Annotation of Geographical Data

With Chiara Palladino; Session 14 of Sunoikisis Digital Classics 2016

April 2016 Germany/USA	Discovering Spatial and Chronological Patterns in Historical Texts <i>invited lecture</i> at Unlocking the Digital Humanities, A Seminar organized by Leipzig University & Tufts University, Spring 2016
2016 USA	Writing a 50-volume book in 14th-century Damascus: Algorithmic Analysis, Text Reuse & the Arabic Written Tradition Invited lecture, given at Davidson College (November 9, 2016) and the University of Michigan (March 10, 2016)
2015	
December 2015 USA/Netherlands	Arabic and Islamic Studies and the Digital Humanities The Brill Workshop on the Digital Humanities, Leiden (December 2–3) and Boston (May 1–2)
February 2015 USA	Digital Humanities & the Premodern Islamic World: Of Graphs, Maps, and 30,000 Muslims Invited public lecture, The Gustav E. von Grunebaum Center for Near Eastern Studies, University of California—Los Angeles, February 25, 2015
2015–2016 USA/Germany/UK	Of Graphs, Maps, and 30,000 Muslims: Premodern Arabic Texts & the Digital Humanities Invited lecture, given in different versions at the Center for Digital Humanities / Department of History, University of South Carolina (November 14, 2016); Duke University (November 11, 2016); University of Tübingen (May 11, 2016); MITH, University of Maryland (March 2, 2016); University of St Andrews (November 27, 2015); University of Manchester (November 25, 2015); SOAS, University of London (November 23, 2015)
2014	
August 2014 USA	The Social Geography of the Islamic World (661–1300 CE): on the Method <i>invited talk</i> at PROSOP Workshop, Florida State University, Tallahassee, FL (August 15, 2014)
April 2014 USA	Distant Reading of Arabic Biographical Collections <i>guest lecture</i> at “Saints and Sinners in Muslim Literature” (Mimi Hanaoka) at the University of Richmond, Richmond, VA (April 10, 2014)
April 2014 USA	The Social Geography of the Islamic World (661–1300 CE) <i>invited talk</i> at the University of Richmond, Richmond, VA (April 10, 2014)
April 2014 USA	Future in the Past: Using Digital Methods to Study Medieval Arabic Texts <i>brown bag lecture</i> at Tufts University (April 7, 2014).
April 2014 USA	Classical Arabic through the Words of the Prophet: Teaching Classical Arabic in the Digital Age <i>brown bag lecture</i> at Tufts University (April 2, 2014).
March 2014 USA	Studying Classical Arabic Sources in the Digital Age: Social Geography & Social History <i>invited talk</i> at Holy Cross Manuscripts, Inscriptions and Documents Club the College of the Holy Cross, Worcester, MA (March 14, 2014)
February 2014 USA	Building a Historical Gazetteer <i>Guest Lecture</i> at “Computational methods in the humanities,” An honors course (Prof. David J. Birnbaum) at the University of Pittsburgh, Pittsburgh, PA (February, 21, 2014)
February 2014 USA	Connectedness of the Islamic World (661–1300 CE) <i>invited talk</i> at the European Union Center of Excellence & European Studies Center, the University of Pittsburgh, Pittsburgh, PA (February, 20, 2014)
2014 USA	Computational Reading of Classical Arabic Sources: the Case of Biographical Collections Invited talk, given at the Department of Classics, Tufts University (March 10, 2014); Bard College, Annandale-on-Hudson, NY (February 11, 2014); and the Center for Digital Research in the Humanities, University of Nebraska–Lincoln (January 30, 2014)

Conference Papers and Presentations

2026

July 2026 Belgium	Out of How Many? Numerator Without / With Denominator At the Seventeenth Meeting of the School of Abbasid Studies, KU Leuven, July 14–18, 2026
----------------------	--

2024

- October 2024 **Navigating Seas of Biographies: A Computational Pipeline for Biography Identification in Historical Corpora (EIS1600 Project Paper)**
UK Together with Alicia González Martínez (*delivered the presentation*), Tariq Yousef, and Hamid Reza Hakimi, at the *Arabic Pasts 2024: Histories and Historiographies*, October 3–5, 2024, at Aga Khan University, Institute for the Study of Muslim Civilizations.
- September 2024 **Data-Driven Periodization of Classical Arabic and the Arabic Written Tradition**
Germany At the *Societies in Transition: Law, Culture and Politics in the Middle East (30th International DAVO Congress)*, University of Göttingen, September 26–28, 2024
- September 2024 **A Book of 30,000 Biographies: Computational Analysis of Sources of “The History of Islam” of al-Ḍahabī (d. 748/1348)**
Germany At *Textual Transmission in the Islamic Manuscript Age: On the Variance, Reception, and Usage of Arabic and Persian Works from the Middle East to the Indian Subcontinent*, German-Japanese Bilateral Conference, University of Münster, September 5–7, 2024
- August 2024 **Digital Humanities for Arabic and Islamic Studies: what is it and why bother?**
Armenia At *Texts, Interpretations, and Entanglements in the Study of Islamic History*, International Conference at the Yerevan State University, August 28–30, 2024
- June 2024 USA **Modeling Social History: A Deep Learning Approach to Arabic Historical Tradition**
Together with Alicia González Martínez, Tariq Yousef (*delivered the presentation*), and Hamid Reza Hakimi, at *DH 2024: Reinvention & Responsibility*, the annual conference of the Alliance of Digital Humanities Organizations, at The Roy Rosenzweig Center for History and New Media, Arlington, VA / Washington, D.C., August 6–9, 2024, Published: <https://tinyurl.com/DH2024-MSH>.
- June 2024 **Text Reuse in the Arabic Written Tradition: A Case of Biographical Collections**
Germany At *Making of a Sage: Corpora of Wise Sayings in a Religio-Historical Perspective*, International Workshop at Göttingen University, organized by Ute Pietruschka, June 28–29, 2024
- March 2024 **Computational typology of texts as a means of modeling the development of the Arabic written tradition**
UAE At *The Praxis of Digital Humanities: Expanding Horizons and Transforming Scholarship in the Arab/Islamic world*, a symposium, March 6–7, 2024, Department of Arabic and Translation Studies (ATS), American University of Sharjah (AUS)

2023

- December 2023 **Ṣundūq al-ḡarāʾib fi-l-ʿaṣr al-raḡāʾim: Reading Medieval Texts in the Digital Age**
Japan At *The Middle East and Europe, 1097–1517*, Waseda University, Tokyo, 9–10 December, 2023
- October 2023 **Modelling the Development of Premodern Islamic Societies from Biographical and Historical Data**
UK (together with: Hamid Reza Hakimi, Lisa Mischer, and Tariq Yousef), at *Arabic Pasts 2023*, 5–6 October 2023, Aga Khan University—London
- September 2023 **Enhancing State-of-the-Art NLP Models for Classical Arabic**
Bulgaria Together with Tariq Yousef, Lisa Mischer (*delivered presentation*), and Hamid Reza Hakimi, at *Ancient Language Processing Workshop*, at *Recent Advances in Natural Language Processing*, September 8, Varna, Bulgaria
- June 2023 USA **OpenITI mARkdown : Balancing Between a Standard and a Research Method**
At *Digital Publication of Right-to-Left Script Corpora*, June 29–30, 2023; The University of Maryland, College Park, MD, USA
- June 2023 **Finding and Linking Information in Arabic Historical Texts**
Germany (together with Lisa Mischer, Hamid Reza Hakimi, Tariq Yousef), at *Data Linking Workshop 2023: Computer Vision and Natural Language Processing – Challenges in the Humanities*, Center for the Study of Manuscript Cultures, Universität Hamburg, June 27–28, 2023
- March 2023 **Algorithmic Analysis into Social History**
Germany At *LOOP Workshop*, Ruhr Universität Bochum, March, 9–10, 2023

2022

- September 2022 **Similarity-Based Networks for Islamicate Digital Humanities**
Germany At “Computational Contributions to the Social and Cultural Histories of the Islamicate World”, a *Panel*, co-organized with Till Grallert, at 34. Deutscher Orientalistentag 12.-17.09.2022, Freie Universität Berlin (100 Jahre DOT)
- July 2022 **Modeling the Development of Premodern Islamic Societies through Computational Analysis of Written Sources**
Germany At *Linked Open Tafsir Conference 2022*, July 18–20, 2022, Bad Homburg, Germany

2021

October 2021

Being Pragmatic: Data and Authority Files in the OpenITI Corpus

Germany

At <AUTHOR><TITLE><PLACE>: Authority Records and Manuscripts in Libraries and Research (hybrid workshop), a workshop co-organised by the “Orient-Digital” project at Berlin State Library and “Bibliotheca Arabica” (Saxon Academy of Sciences and Humanities, Leipzig) October 27–29, 2021

October 2021

OpenITI: The Corpus for The Field

online

At “Digitalizing Humanities. Humanizing digitalization”, online congress, organized by Enrique Capdevila (*Petrifying Wealth-IH*) and Arturo Guerrero (*EuQu-ILC*), October 20–21, 2021

2020

October 2020

One Source to Rule Them All: Constructing the Master Chronicle for Islamic History

USA · online

At Middle East Studies Association 54th Annual Meeting (online), October 5–17, 2020

October 2020

Big Data and Mega Corpora in the Middle East Studies: The Case of Arabic Written Tradition

USA · online

At Middle East Studies Association 54th Annual Meeting (online), October 5–17, 2020

August 2020

Digital Humanities with non-European sources: The Case of Arabic

Germany · online

At “Hack the Middle East”: an Introduction to Digital Humanities, an Online Workshop, *Die Junge Akademie*, August 11–12, 2020

July 2020

OpenITI

Germany · online

At Digitalisierungsworkshop der orientalistischen Fächer BA/ER (Workshop on Digital Tools in Oriental Studies BA/ER), Universität Bamberg & Universität Erlangen, July 4, 2020

2019

October 2019

Something Old, Something New, Something Borrowed: Computational Analysis of Writing Practices of Islamic Scholars

USA/UK

At: • Middle East Studies Association 53rd Annual Meeting, November 14–17, New Orleans, LA, USA; • Arabic Past: Histories and Historiography, 17–19 October 2019, Aga Khan University, London

July 2019

Open Islamicate Texts Initiative: A Machine-Readable Corpus of Texts Produced in the Premodern Islamicate World

Netherlands

At Digital Humanities 2019, Utrecht University, July 9–12 (In collaboration with: Matthew Thomas Miller, Sarah Bowen Savant, and Masoumeh Seydi)

July 2019

al-Ṭurayyā, the Gazetteer and the Geo-Spatial Model of the Early Islamic World

Netherlands

At Digital Humanities 2019, Utrecht University, July 9–12 (In collaboration with: Masoumeh Seydi, who also presented)

July 2019

Orbis-in-a-box (OIB): Modeling Historical Geographical Networks

Netherlands

At Digital Humanities 2019, Utrecht University, July 9–12 (In collaboration with: Masoumeh Seydi, James Ballie, Karl Grossner, and Rainer Simon)

June 2019

Computational Historiography: al-Ḍahabī's *Ta'riḥ al-islām* and His Sources

Japan · online

At the Sixth Conference of the *School of Mamluk Studies*, Tokyo, Japan, June 15–17 2019

April 2019

Interconnectedness of Texts and Computational Modeling of the Arabic Written tradition

Russia

(in Russian: “Преемственность текстов и компьютерное моделирование арабской письменной традиции”), at The 41st Annual Session of St Petersburg Arabists, The Institute of Oriental Manuscripts of the Russian Academy of Sciences. April 8–10, 2019.

February 2019

Modeling Society from Text: a Method in Arabic Studies

UK

At Decoding the Past. Digital Tools for the Analysis of Historical Data, *a Workshop*, University of London, February 21–22, 2019

2018

December 2018

al-Ḍahabī's treatment of his Andalusī sources: toward understanding of compilation methods of medieval historians

Spain

At *The Maghrib in the Mashriq* (i.e.: *Islamic West in Islamic East*), a congress, Consejo Superior de Investigaciones Científicas, Madrid, 20–21 December 2018

December 2018

Prospects of Corpus-Based Research: Computational Methods and the OpenITI Corpus

Netherlands

At *Whither Islamicate Digital Humanities*, Academy Colloquium, The Royal Netherlands Academy of Arts and Sciences, Amsterdam, 13–15 December 2018 (organized by Christian Lange & Melle Lyklema, Utrecht University)

May 2018 Italy

Modeling Arabic Written Tradition: Enhancing Traditional Text analysis with Computational Techniques

At *Launching RASCIO: Reader, Author, Scholar in Context of Information Overflow*, a Workshop organized by Dr. Élise Franssen, Università Ca' Foscari Venezia, May 24, 2018

2017

- November 2017 **Looking for the author behind the words: Stylometric Analysis of al-Dahabī's (d. 1347) Writings**
USA At *A New Corpus for the Islamicate World and Methods for Its Exploration*, a Panel co-organized by Sarah Savant and Matthew Miller, at Middle East Studies Association (MESA) Annual Meeting, Washington, D.C.
- October 2017 **Modeling Social History of the Premodern Islamic World**
Austria At *Evolution of Social Complexity*, a Workshop organized by Complexity Science Hub Vienna, October 2–3, 2017
- September 2017 **Digital Humanities in the field of Islamic studies**
Spain At *Digital Humanities & the History of al-Andalus and the Maghreb: Challenges and Opportunities*, a Research Seminar at Escuela de Estudios Árabes—Consejo Superior de Investigaciones Científicas (CSIC), Cuesta del Chapiz, 22, Granada
- May 2017 Italy **Why do we need a corpus and computational methods?**
At *Navigating the House of Wisdom: How to write a good book in the medieval Middle East*, a Workshop at the University of Milan, May 25th–26th 2017.
- April 2017 **Algorithmic Analysis of Premodern Arabic Biographical Collections: Approach, Infrastructure, Open Data**
United Arab Emirates At *Digital Humanities Abu Dhabi—DHAD*, a Workshop at New York University Abu Dhabi, United Arab Emirates, 10–12 April 2017
- January 2017 **80/20: Facilitating Computational Analysis with Named-Entities Recognition**
Germany At *Digital Infrastructure for Named Entities Data*, a Workshop, Leipzig University, January 11–13, 2017

2016

- December 2016 **An Accidental Gazetteer: Linked Data for Historical Geography of the Classical Islamic World**
Spain At *Linked Pasts 2016*, a symposium series dedicated to facilitating practical and pragmatic developments in Linked Open Data in History, Classics, Geography and Archaeology, December 15–16, 2016 (hosted at: Universidad Nacional de Educación a Distancia, Madrid)
- November 2016 **Of A Network and A Node: 'The History of Islam' of al-Dahabī (d. 1348) and its place in the Premodern Arabic Textual Tradition**
USA At *Networked Texts: New Ways of Seeing the Arabic Textual Tradition (750–1500)*, a Panel co-organized by Sarah Savant and Maxim Romanov, at Middle East Studies Association (MESA) Annual Meeting, Boston, MA
- September 2016 **Presentation on Islamic[ate] DH Projects at Leipzig University**
USA At *Activism, Advocacy, and Scholarship on Islam in the Digital Realm: Prospects, Progress, and Challenges*, a workshop organized by the Institute for the Study of Muslim Societies & Civilizations, Boston University (September 16 & 17, 2016)

2015

- October 2015 **"al-Dahabī's Monster": Dissecting a 50-Volume Arabic Chronicle-cum-Biographical Collection from the 14th Century CE**
USA At *Distant Reading & the Islamic Archive*, Conference at Brown University, October 16, 2015
- September 2015 **The *Ta'riḥ al-islām* of al-Dahabī (d. 748/1347 CE): Computational Exploration of the Life-Cycle of a 50-Volume Arabic Chronicle-cum-Biographical Collection**
UK At *Arabic Pasts: Histories and Historiographies: Research Workshop*, co-hosted by the Aga Khan University, Institute for the Study of Muslim Civilisations and SOAS, University of London (September 25–26, 2015)
- July 2015 USA **Cultural Production in the Islamic World (600–1900 CE): mining an Ottoman bibliographical collection from the early 20th century**
At *The Keystone Digital Humanities Conference*, University of Pennsylvania, Philadelphia, PA (July 22–24, 2015)
- May 2015 USA **Analyzing Arabic Biographical Collections at Scale**
At *Digital Ottoman Platform Workshop*, Institute for Advanced Study, Princeton, NJ (June 8–12, 2015)
- May 2015 USA **The Writing Culture of Nishāpūr in the 11th Century**
[In collaboration with Sarah Savant, Aga Khan University, London; paper delivered by Sarah Savant], at *Iranian Cities from the Arab Conquest to the Early Modern Period*, Harvard University, Cambridge, MA (May 1–2).

2014

- November 2014 **Exploring Islamic Written Legacy: Computational Reading of *Hadiyyat al-ārifn***
USA At Middle East Studies Association (MESA) Annual Meeting, Washington, D.C.
- March 2014 **Computational Processing of Toponymic Data from classical Arabic Sources**
USA At *Working with Text in a Digital Age*, A Workshop at Tufts University (the Perseus Project) (March 29, 2014).

February 2014	Visualizing Islamic Geography at Scale
USA	At Data Big and Small: Computer Science, the Humanities and Social Science: Conversations between representatives from Leipzig, Northeastern, Princeton & Tufts, a workshop at Tufts University (the Perseus Project) (February 3–4, 2014).
2013	
October 2013	Abstract Models for Islamic History
USA	At Digital Humanities and Islamic & Middle Eastern Studies, Brown University, Providence, RI (October 24–25, 2013).
October 2013	Islamic World Connected (661–1300 CE)
USA	At Middle East Studies Association (MESA) Annual Meeting, New Orleans, LA.
April 2013	Toward Abstract Models for Islamic History
USA	Poster at <i>Word, Space, Time: Digital Perspectives on the Classical World</i> , an interdisciplinary conference organized by the Digital Classics Association, University at Buffalo, SUNY, April 5–6, 2013
March 2013	Exploratory Analysis of Arabic Biographical Collections: the Case of al-Dahabī's (d. 1347 CE) <i>Ta'riḥ al-islām</i>
USA	At: • the 223rd Meeting of the American Oriental Society (AOS), Portland, OR; • the 8th Annual Pearl Kibre Medieval Study Conference: "New Media and the Middle Ages", The Graduate Center, CUNY, New York, NY.
February 2013	«Connectedness» of the Islamic World (600–1300 CE)
USA	At 7th Annual Near Eastern Studies Graduate Student Colloquium, U of Michigan, Ann Arbor, MI.
2012	
November 2012	Social History of the Muslim World in the Digital Age: Making Sense of 29,000 Biographies from al-Dahabī's «History of Islam»
USA	At Middle East Studies Association (MESA) Annual Meeting, Denver, CO.
November 2012	Social History of the Muslim World in the Digital Age: Making Sense of 29,000 Biographies from al-Dahabī's «History of Islam»
USA	At Cyberinfrastructure Days, University of Michigan, November 7–8, 2012. Received: "People's Choice Award Winner"
October 2012	Writing the Digital History of the Premodern Muslim World, 670–1300 CE: Exploratory Analysis of Primary Sources
USA	At Interdisciplinary Workshop under the rubric "Forum on Research in Medieval Studies" (FoRMS), the Medieval Lunch Series, University of Michigan.
August 2012	Mining pre-Modern Islamic Sources
USA	At "Working with Text in a Digital Age," the summer institute at Tufts U, Medford, MA.
April 2012	Dreaming Ḥanbalites: Dream-Tales in Prosopographical Dictionaries
Russia	(in Russian), at the 34th Annual Session of St. Petersburg Arabists, SPbIOS/IOM of RAS.
April 2012	Digital History of the Muslim World: Computer-Aided Analysis of Biographical Dictionaries
Belgium	At Methods and means for digital analysis of ancient and medieval texts and manuscripts, a workshop at the Katholieke Universiteit, Leuven & the Royal Flemish Academy of Belgium (KVAB), Brussels.
2010	
November 2010	«Popular» Preaching in the Sunnī Context and the Legitimization of <i>Waḥ</i> in the Late 12th Century CE
USA	At Middle East Studies Association (MESA) Annual Meeting, San Diego, CA.
2009	
November 2009	Aḥmad b. Ḥanbal's (d. 241/855) Argumentative Strategies
USA	At Middle East Studies Association (MESA) Annual Meeting, Boston, MA.
April 2009	Dreaming Ḥanbalites
USA	At Dreams and Visions in Islamic Societies, conference, University of Michigan.
2004	
March 2004	The Origins of the Term <i>Ṣūfī</i>
Russia	(in Russian), at the 26th Annual Session of St. Petersburg Arabists, SPbIOS/IOM of RAS.
2003	
December 2003	The Paradigm of the Science of Ḥadīṭ (<i>ʿilm al-ḥadīṭ</i>)
Russia	(in Russian), at the Annual Academic Session, SPbIOS/IOM of RAS.
April 2003	Argumentation with <i>Ḥadīṭ</i> Reports in Ibn al-Jawzī's <i>Talbīs Iblīs</i> ("Devil's Delusions")
Russia	(in Russian), at the 25th Annual Session of St. Petersburg Arabists, SPbIOS/IOM of RAS

2002

April 2002

Russia

Ibn al-Jawzī's Image in the Western Scholarship

(in Russian), at the 24th Annual Session of St. Petersburg Arabists, SPbIOS/IOM of RAS.

Panels, Workshops, and Roundtables Organized

2025

July 2025

Germany

From Classical ML to AI in Arabic and Islamic Studies: A Hands-On Workshop

(part of EIS1600 project activities), a 4-day workshop at *Afrika-Asien Institut*, Universität Hamburg (EIS1600 Project), with Tariq Yousef, Ryan Muther, and Alicia González Martínez. Funding: DFG, EIS1600 Emmy Noether Project

2024

September 2024

Germany

Stylometry and the Digital Humanities: Unraveling Authorship and Periodization in Arabic Textual Traditions

a panel co-organized with Till Grallert and Maroussia Bednarkiewicz at the 30th International Congress of Deutsche Arbeitsgemeinschaft Vorderer Orient (DAVO), Göttingen, 26–28 September 2024

2022

September 2022

Germany

Computational Contributions to the Social and Cultural Histories of the Islamicate World

a panel co-organized with Till Grallert, at: 34. Deutscher Orientalistentag 12.-17.09.2022, Freie Universität Berlin (100 Jahre DOT)

2020

July 2020

Austria/UK ·
online

Stylometry Workshop with Maciej Eder

Department of History, University of Vienna & The KITAB Project, Aga Khan University, London. July 1–3, 2020.

2019

June 2019

Japan

Approaching Mamlūk Historiography: Narratologically, Literarily, Computationally

A panel at the Sixth Conference of the School of Mamlūk Studies, Waseda University, Tokyo, June 15–17, 2019

2018

July 2018

Austria

ORBIS-esque Hackathon

Department of History, University of Vienna (co-organized with Tara Andrews and Mária Varga); planning document: tinyurl.com/orbis-esque.

2017

November 2017

USA

A New Corpus for the Islamicate World and Methods for Its Exploration

a panel co-organized with Dr. Sarah Savant (AKU–London) and Dr. Matthew Thomas Miller (UMD) at MESA, Washington, DC–2017

2016

November 2016

USA

Networked Texts: New Ways of Seeing the Arabic Textual Tradition (750–1500)

a panel co-organized with Dr. Sarah Savant (AKU–London), MESA, Boston–2016

November 2016

USA

Non-traditional methods for Teaching Traditional Languages

a roundtable at the annual meeting of the Middle East Studies Association (MESA), Boston 2016

2015

December 2015

Germany

Analyzing Text Reuse at Scale / Working with Big Humanities Data

At Leipzig University, organized by Thomas Köntges & Maxim Romanov (within the framework of Leipzig Workshop Week, 14–18 December 2015).

December 2015

Germany

Digital Arabic and Digital Persian Research Workshop

At Leipzig University, organized by Maxim Romanov (within the framework of Leipzig Workshop Week, 14–18 December 2015).

2013

November 2013

USA

Digital Humanities in Middle East Studies

(organized together with Børre Ludvigsen and Will Hanley), a series of two panels and a roundtable: “Traditional Sources, Nontraditional Methods,” “Digital Communication,” and Roundtable at the annual meeting of the Middle East Studies Association (MESA), New Orleans 2013.

2010

November 2010

USA

Islamic Preaching

a panel at the annual meeting of the Middle East Studies Association (MESA), San Diego, 2010

Teaching

2023–2024 Historical methods · DH	Computational Analysis of Data from Audition Certificates, with R Universität Hamburg · Winter 2023/24
2023 Historical methods · DH	Digital Humanities in African-Asian Studies: Analysis of Prosopographical Data with R Universität Hamburg · Summer 2023
2022 Historical methods · DH	Text Analysis in R Universität Hamburg · Summer 2022
2022 Historical methods · DH	Digital Humanities in Middle Eastern Studies Universität Hamburg · Winter 2021/22
2021 GIS · DH	GIS Inquiries with R University of Vienna · Summer 2021 (SE seminar, PM 3)
2017–2020 Historical methods · DH	DH Methods: Historical Inquiries with R University of Vienna · Summer 2020 (text analysis module), Summer 2019, Winter 2017/18 (SE seminar, PM 3)
2018–2020 DH	Tools and Techniques for Digital Humanities University of Vienna · Winter 2020, Summer 2019, Summer 2018 (KU Methodenkurs)
2018 History	Of Arabs, Persians and Turks: Patterns of Dynastic Rule in the Islamic World (c. 600–1600 CE) University of Vienna · Summer 2018 (MA Proseminar)
2017–2018 History	The Near East at the Time of the First Crusade, 1045–1144 University of Vienna · Winter 2017/18 (BA Proseminar), co-taught with Tara Andrews
2017–2018 History	The Medieval Near East and Europe according to Muslims, Christians, and Jews: Comparative Perspectives University of Vienna · Winter 2017/18 (seminar), co-taught with Tara Andrews
2016–2017 Islamicate texts · DH	Islamicate World 2.0: Studying Islamic Cultures through Computational Textual Analysis University of Maryland (College Park) and Leipzig University · Winter 2016/17, co-taught with Matthew Thomas Miller
2015 Classical Arabic · DH	Classical Arabic Through the Words of the Prophet Tufts University · Spring 2015
2014–2015 Text analysis · DH	Introduction to Text Mining for Students of the Humanities Tufts University · 2014–2015
2014 History · DH	Mapping the Classical Islamic World Tufts University · Winter 2014
2012 History · DH	The First Millennium of the Islamic Near East, 600–1600 CE University of Michigan · Fall 2012, as teaching assistant for Michael Bonner
2010–2011 Religion · History	Introduction to Islam University of Michigan · Spring 2011, Winter 2011 (as teaching assistant for Sherman Jackson), Spring 2010
2007–2010 Language	Elementary Modern Standard Arabic University of Michigan · 2007–2010
2006–2007 Classical language	Elementary Classical Arabic University of Michigan · 2006–2007

Workshops and Summer Schools Taught

June 2026 Spain	Dialogue as Scholarly Practice: the Socratic Method in the Age of AI A 2-day workshop for scholars of Arabic, Islamic, and Middle Eastern studies on working with large language models without programming, at the Instituto de Lenguas y Culturas del Mediterráneo y Oriente Próximo (ILC), CCHS-CSIC, Madrid, June 8–9, 2026, with Alicia González Martínez and Hamid Reza Hakimi; the book <i>Digital Humanities for Arabic and Islamic Studies</i> was presented in the closing session
September 2025 Switzerland	Summer School on Digital Humanities for Islamic Studies University of Bern, September 1–4, 2025. Organizers: Tobias Hodel and Serena Tolino

July 2025	From Classical ML to AI in Arabic and Islamic Studies: A Hands-On Workshop
Germany	A 4-day workshop at the Asien-Afrika-Institut, Universität Hamburg, organized within EIS1600 with Tariq Yousef, Ryan Muther, and Alicia González Martínez
September 2024	Introduction to Digital Humanities in Islamic Studies: A Hands-On Training
Germany	A 1-day workshop at the Seminar für Arabistik/Islamwissenschaft, Universität Göttingen, with Jens Scheiner, September 25, 2024
September 2024	Computational Analysis of Andalusian Prosopography
Spain	A 5-day workshop on the <i>Prosopografía de ulemas de al-Andalus</i> (eea.csic.es/pua) at the Escuela de Estudios Árabes, Granada, with Mayte Penelas and Maribel Fierro, as part of the project <i>Al-Andalus y el Magrib en el Oriente islámico: movilidad, migración y memoria</i> (AMOI-II)
December 2023	Intensive Workshop in Islamic Digital Humanities
Japan	A 2-day workshop organized with Wakako Kumakura, Tokyo University of Foreign Studies, December 16–17, 2023
July 2018	Digital Islamic Humanities: A 3-Day Intensive Course
Belgium	Ghent University, July 2–4, 2018, in collaboration with the Ghent Centre for Digital Humanities. Plan and materials: dih-sms2018-ughent.github.io
November 2017	Workshop on Digital Humanities in Islamic and Arabic Studies
Netherlands	SENSIS ERC Project (PI Christian Lange), Utrecht University, November 30–December 1, 2017
July 2016	From Text to Map
Germany	A two-week intensive introduction (32 contact hours) to working with humanities data in digital mapping environments, co-taught with David J. Wrisley (American University of Beirut) at <i>Culture & Technology</i> , the European Summer University in Digital Humanities, Leipzig University
February 2015	Digital Humanities & Islamic Studies
USA	University of California, Los Angeles. Organized by Asma Sayeed and the Gustav E. von Grunebaum Center for Near Eastern Studies
October 2014	Textual Corpora and the Digital Islamic Humanities
USA	Brown University; session leader together with Elli Mylonas, organized by Elias Muhanna (details)

Supervision

2025–	Ph.D.	Hamid Reza Hakimi
		<i>Patterns in the Financial History of the Islamic World (1–1000 AH / 600–1600 CE): Computational Analysis of Data from Chronicles</i>
2022	M.A.	Lisa Mischer
		<i>A Digital Humanities Approach to Biographical Dictionaries from the Arabic Written Tradition: Extraction and Enrichment of Historical Data</i>
2022	B.A.	M. Xenia Kudela
		<i>Measuring Style: Stylometric Analysis of Collaborative Authorship between Ṭāhā Ḥusayn and Tawfīq al-Ḥakīm in “The Enchanted Castle” (al-Qaṣr al-maṣḥūr)</i>
2022	Ph.D.	Masoumeh Seydi
		<i>Geospatial Analysis and Modeling of Textual Descriptions of Pre-modern Geography</i>
2015		Cameron Jackson
B.A. Honors		<i>An Interactive Map of the Classical Islamic World</i>

Third-Party Funding

2021–2027	Emmy Noether Programme Grant, German Research Foundation (DFG). About €1,900,000
2012–2013	Charlotte W. Newcombe Doctoral Dissertation Fellowship, Woodrow Wilson National Fellowship Foundation. \$24,000
2012	Rackham Research Fellowship, University of Michigan. \$3,000

Fellowships, Awards, and Honors

2015–2016	Research Fellowship (Visiting Fellow), Islamic Legal Studies Program, Harvard Law School (declined)
2013	Hajja Razia Sharif Sheikh Scholarship Award in Islamic Studies, University of Michigan

Service to the Field

2021, 2023, 2025	Panel member (SH5 “Cultures and Cultural Production”), ERC Consolidator Grant calls, European Research Council
2015–	Reviewer for journals and funding bodies at the intersection of digital humanities, Arabic and Islamic studies, and history. Recent reviews for <i>Journal of Abbasid Studies</i> , <i>Journal of Digital Islamicate Research</i> , <i>Digital Scholarship in the Humanities</i> , <i>Temenos</i> , <i>Journal of Law and Religion</i>
2013–	Regular consultation on the design of digital projects in the historical study of the Islamic world, including over a dozen ERC-funded and academy projects in the US, Canada, the UK, the Netherlands, Belgium, Spain, Italy, Israel, Japan, Austria, and Germany

Professional Membership

2024–	Union Européenne des Arabisants et Islamisants (UEAI)
2023–	School of Abbasid Studies (SAS)
2016–	Middle East Medievalists (MEM)
2012–	American Oriental Society (AOS)
2008–	Middle East Studies Association (MESA)

Skills

Languages	Russian (native) · Arabic (advanced, modern standard and classical) · English (near-native) · German (B1) · French (reading)
Computing	R, Python, QGIS, LaTeX; cluster computing; machine learning
